Hallo Ernie:

How are you and how do you like Army life? I imagine that its pretty hard on a fellow in the beginning, but it will be easier after a while, anyhow I hope you will like it.

There is not much News in this Old Town, Business is still good, but my prayers are for an end to this kind of prosperity.

Mother and I are feeling pretty good, and we keep on talking about you, we wonder How you are taking to your new surroundings

Please write as often as you can and we will do likewise
lots of love Dad
