At Home

Dear Irving -

While I have a few moments and no relatives are around to disturb me, I want to dash off a few words to let you know your letter came and that you are now on my writing list. I just mailed my 'newspaper letter' to all the boys last week-end and was sorry not to have your address. I told them about you and you will learn about them as we continue to write. Here are a few items you may be interested in

1. Blaine is now one of the crew of the U.S.S. Swanee and expects to be on the bring soon. His address is

V. Blaine Qualls S²/_c - Div 4

U.S.S. ~~Sow~~ SWANEE

7. Fleet Post office, San Francisco Cal.

2. Bennie, way off in the Pacific somewhere, is studying college books so he will have a start toward college when the war is over.

3. Frank is still trying to whip his studies - for a time it looked as

tho' they'd ruin but he's picking
up now. Since enlistments are now
out, he can only wait for the
draft Nov 15.

4. Paul is now in Denver -
Tony still in Kentucky.

5. Guess you know Barbara
Stinson left to be married - in
Santa Monica

Irving, I'll make this short
- Al is waiting to take me to
town - next time I'll write a
real letter. I thought you'd
appreciate even these few lines

Sincerely

Marie Pacum

Be sure to let me know any
