Dear Sirs

I'm not sure if this will reach a department store in Santa Fe or not. In fact I know nothing about Santa Fe

But I'm most anxious to get some hand woven Mexican wool, and thought it just possible that you carry some. Or know where I could get some.

I'm planning a panel in crewel work, and I want to use the Mexican wool for the base. Thought I would use a mixture of yarn in varying weights to do the panel

Do you have Mexican hand woven wool? If so please send me

Swatches of the green you carry.
The panel will be 4 by 6 ft when
finished. I would like the price and
width of same.

Or any suggestion you can
make will be appreciated.

Sincerely yours
Gladys Maschke
