Millie Rubenstein

Nov 1,

Hi dear,

was glad to get your letter
& hope you are resting
easy on the thorns of the
bed of roses.

am anxious to see the pictures
you had taken altho I know
they won't be flattering. You
have to be known to be
appreciated. got a snap of
marce & Sid today & they
look swell.

What the heck is A.S.T.P.
anyway? Cant find anyone
who knows. There are lots
worse things than becoming
a good mechanic so dont
feel badly about it.

Millie Rubenstein

We got your card & Lou wanted the glasses for me but I really don't need them so just forget it & thanks for bothering.

Honey, it's not my business but when you write your mother you should tell her you're feeling fine even if - you know how she worries & last time you wrote her you still had a little cough & she felt awful. It's very lonesome for you anyway and besides you have to keep up the civilians morale.

We're all feeling fine. The boys are playing football with enthusiasm.
Millie Love & write when you can
