Dear Ms. Shipman, Oct. 12/98.

While attending a Computer Class we could put in information about our family name "Bernheim" and where they lived. My father and grand father lived in Hechingen, Hohenzollern and your name came up. Was your or your mother's name Bernheim? My father's name was Adolph Bernheim and his parent's name were Sara and Rudolph Bernheim.

I understand that the name Bernheim is quite common but if your family lived in Hechingen, we may be related. My grand father had brothers and sisters who lived in Hechingen.

If you think we are not related you don't have to answer unless you like to.

Kind regards yours

Doris Doctor.
